# Checklist

Clause	Requirement	P	F	N	Q	Comment
	b) these substances and mixtures are inaccessible to children in any form, including inhalation, when the toy is used as specified in the first subparagraph of Article 10(2); or					
	c) a decision in accordance with Article 46(3) has been taken to permit the substance or mixture and its use, and the substance or mixture and its permitted uses have been listed in Appendix A.					
	That decision may be taken if the following conditions are met:					
	i) the use of the substance or mixture has been evaluated by the relevant Scientific Committee and found to be safe, in particular in view of exposure; and					
	ii) the substance or mixture is not prohibited for use in consumer articles under Regulation (EC) No 1907/2006.					
	The Commission shall mandate the relevant Scientific Committee to re-evaluate those substances or mixtures as soon as safety concerns arise and at the latest every five years from the date that a decision in accordance with Article 46(3) was taken.					
6.	Points 3, 4 and 5 shall not apply to nickel in stainless steel.					
7.	Points 3, 4 and 5 shall not apply to materials that comply with the specific limit values set out in Appendix C, or, until such provisions have been laid down, but not later than 20 July 2017, to materials covered by and complying with the provisions for food contact materials set out in Regulation (EC) No 1935/2004 and the related specific measures for particular materials.					
8.	Without prejudice to the application of points 3 and 4, nitrosamines and nitrosable substances shall be prohibited for use in toys intended for use by children under 36 months or in other toys intended to be placed in the mouth if the migration of the substances is equal to or higher than 0,05 mg/kg for nitrosamines and 1 mg/kg for nitrosable substances.					
9.	The Commission shall systematically and regularly evaluate the occurrence of hazardous substances of materials in toys. These evaluations shall take into account reports of market surveillance bodies and concerns expressed by Member States and stakeholders.					
10.	Cosmetic toys, such as play cosmetics for dolls, shall comply with the compositional and labelling requirements laid down in Council Directive 76/768/EEC of 27 July 1976 on the approximation of the laws of the Member States relating to cosmetic products.					

## Technical File

### 1. Description of product

*Type of toy:* <basic description>

*Colour(s):* <Various – see example photographs>

*Dimensions:* <as appropriate>

*Distinguishing marks/labelling:* <ideally add photo(s) or original graphic(s), otherwise description>

<Relevant marks/labelling are any warnings, age specifications, CE marks, company name and contact details etc.>
